ANNUAL MEETING MUNICIPAL DISTRICT OF BOW VALLEY

The Reeve's Report 1937

Mr. Chairman, Ladies & Gentlemen. Once again I have the pleasure of submitting to the Ratepayers of the Municipal District of Bow Valley No. 219 a brief summary of the Council's activities during the past year.

The Council during the past year consisted of Reeve H. Groves and Councillors J. Nelson, L. A. Phillips, Wm. Fawkes, J. Harwood and C. H. Cowell. Mr. J. Nelson acted as deputy Reeve the first six months and Mr. L. A. Phillips the last six months.

The officers of the Council were: Van Tighem, Secretary-Treasurer, Wm. Fawkes, J. Harwood and C. H. Cowell, J. Nelson, Wm. Fawkes, J. Harwood and C. H. Cowell, J. Nelson, Wm. Fawkes, J. Harwood and C. H. Cowell.

Twelve meetings of the Council were held and the Reeve, Councillors Fawkes, Harwood and Cowell were present at all the meetings. Councillors Nelson and Phillips attended ten meetings. We regret the retirement of Councillor Nelson from Municipal Life as he has always been most considerate of matters pertaining to the district and its welfare.

Public health was only fair during the past year as there have been epidemics of measles, whooping cough mumps with an isolated case or two of scarlet fever. We would ask again for the cooperation of all when there is a question of quarantining for contagious diseases.

The school requisitions for 1937 were paid in full but as collections for school purposes were lower than last year there is less money on hand to take care of the first instalment due this year. We do not anticipate any difficulty in connection with payment of school requisitions this year if we can secure the same cooperation from school districts as we received last year.

Elmer Peterson was appointed Weed Inspector for the year 1937 with instructions to pay particular attention to Sow Thistle and Hoary Cress. These two weeds are becoming a considerable damage in this district and without strict attention to their control many lands free of them at present are going to become infested. Hoary Cress has spread greatly and in an effort to curb its activity the Council are going to try various methods of control in different parts of the Municipality. We hope to arrive at some means of stopping the spread of this weed and to this every resident farmer will have to be prepared to co-operate.

Grasshoppers again presented a problem and bait mixing stations were in operation at Strathmore and Carleton Place. The Council would like to see more mechanical spreaders in use for the putting out of this poison bait as undoubtedly there has been a great deal of waste where shovels are used.

Gopher poison was purchased locally through Lambert's Drug Store and the Council feel that this arrangement is about as satisfactory as can be obtained.

The road programme was the same as previous years with the exception of the spring maintaining with the blade grader and plow. These two machines make a very good job on the graded roads and with the cheap power afforded by the Diesel Caterpillar they also give a maximum of work at a minimum cost.

The financial condition is practically the same as a year ago although during the past year the bank loans for Municipal purposes were greatly reduced. Increased expenditures have arisen in the Motor Vehicle Scheme, Age Pension and Workmen's Compensation. The Mill Rate for 1937 was 5 1/2 Mills the same as the previous year.

Due to a series of light crops and hail storms it was found necessary to issue seed relief to some thirty five farmers. There is an unpaid balance of \$1255.17 on this account at the present time. We hope that seed grain will not be required this season and that this balance may be retired. No word has been received from the Government yet as to their action for this year.

The Strathmore Standard was again supplied to the ratepayers as in former years and appears to have the approval of all.

At the last meeting, a motion was put to the meeting that the Council look into the possibilities of the Prairie Farmers Rehabilitation Scheme in relation to our district. This has been done and to date their efforts in

this locality are primarily concerned with getting forage crops such as clover and alfalfa and sweet clover. One farm in the M. D. of Granowald has been selected for experimental purposes and this being one of the few in Prairie provinces selected we are in a position to follow the work being done very closely.

The Annual distillation has been sent out to residents of the district and it there is any matter that requires explanation we would appreciate your bringing the matter to our attention now.

I would like to thank the members of the Council for their cooperation during the past year. Conditions have been adverse to a greater portion of the district than ever before and this has brought up many problems which would have been very difficult to deal with had it not been for the assistance and help of the members of the Council.

H. GROVES, Reeve.

Following the report given by Reeve H. Groves dealing with the work of the Council during the past year a general discussion was held. The meeting expressed itself as being in favor of continuing the contract with the Strathmore Standard and Lambert's Drug Store.

Hoary Cress, Sow Thistle and Russian Thistle were the subject of considerable discussion and in this connection, a letter from the Department of Agriculture was read asking for cooperation in the various Municipal Districts in an effort to control the spread of these weeds.

The meeting passed a resolution requesting the Council to go into other details of the Prairie Farmers' Rehabilitation Scheme and if possible obtain some of its benefits for this district.

No election will be possible this year as Mr. C. Nelson was declared elected in Division 1 and Mr. J. Harwood was re-elected in Division 5.

The question of road building and machinery purchased therefor was discussed and general satisfaction

Local News Items

The Ladies Aid of United Church will meet Tuesday, March 2nd at Mrs. Sorensen's home.

Wednesday, March 1st is Ash Wednesday.

A few friends called on Mrs. R. E. Gray Tuesday to enjoy with her pleasant afternoon, it being her birthday.

Mrs. D. A. Perry left Tuesday for Medicine Hat where she will visit her sister Mr. May and be present at the celebration of the 51st Birthday of her mother, Mrs. McIntyre.

T. M. Weir has a lengthy article in the January number of The Canadian Bar Review entitled "The Legal Acquirements of Shakespeare."

W. J. Weyers has taken over the repair shop in White's Garage and is prepared to do repair work on all makes of cars and tractors. Specializing in Chevrolet and John Deere Service. See Advt.

OBSERVING LENT

From early times, the Christian Church has observed this period as a time of special preparation and prayer. Here, in Strathmore, St. Michael's and the United Church are holding a series of all-week meetings and will observe Faston Week with services in both churches. Members and friends of both congregations are invited to join in these services, the first of which will be held in St. Michael's on Ash Wednesday, March 2nd at 8 p.m.

was expressed at the reduced cost per mile, and the improved condition of a road.

A vote of thanks by Mr. Van der Voide of Dalemead was tendered the Council for their efficient service to the Municipality.

A motion to adjourn, carried.

Strathmore citizens supported our Hockey Club, the Red Wings by going to Glenora Monday night in large numbers, and cheering right lustily, a mild estimate makes the number 150. Many are planning to go to Drumheller Sunday, weather being favorable.

Mr. T. B. Harris was a week end visitor at the home of Mr. and Mrs. A. P. Gray.

The A. Y. P. A. held a tobogganing party Tuesday evening at the Hartell home and report a very jolly outing.

EDMONTON ELECTION

R. C. Marshall, Liberal; W. Cleveley, Conservative, and O. A. Kennedy, Social credit, have been selected to contest the East Edmonton by-election, March 21.

OPEN FORUM IN MR. ELLIS' ROOM

The Grade VII and VIII held their weekly Open Forum on Friday, February 18th, with G. M. Griffin the chairman presiding. The topic of discussion was "Japan's Relation to the British Empire" with George Koch and Elmer McPherson as discussion leaders. After a very interesting and educational half hour of discussion the meeting was adjourned until next week when Japan's Relation to the United States, will be discussed with Diana Young, Lenard Wheeler and Laurence Brown as discussion leaders.

ATTENTION HOCKEY FANS

Arrangements can be made to charter a bus to go to Drumheller Sunday at \$2.00 per person providing a sufficient number, from 35 to 45 people decide to go. Leave your name at Hughes Motors.

CHAMBERLAIN, EDEN
LLOYD GEORGE, GERMANY
ITALY AND FRANCE

The eyes of the world are riveted on the deliberations and decisions of the above named men and countries. Debate as heated and bitter as any of recent years was followed by a vote of confidence of 210-144 supporting Prime Minister Chamberlain's government.

The future dealings critical and momentous will be watched with close interest. In large measure the fate of the future depends on these deliberations.

WEDDINGS

VERWEIRE - ROSKAM

An especially pretty wedding took place at Sacred Heart Church Tuesday, February 22nd at 10 a.m. when Annie Roskam only daughter of Mr. and Mrs. H. J. Roskam, became the bride of Edmund Verweire, Rev. Father Cosman performing the ceremony.

The bride looked particularly at ease on the arm of her father who gave her in marriage. The wedding music was played by Miss Gerry Van Tighem.

The bride chose for the occasion a very becoming gown of royal blue velvet cut on floor length lines. She wore a small velvet bow and elbow length gloves in matching shades and silver slippers.

Her bouquet was red roses and carnations.

The bridesmaid was Miss Annie Kyness of Calgary. Her floor length gown was made of beige satin with which she wore a net to match in matching shades and silver slippers. Her bouquet was of pink and white carnations.

Prosper Verweire served his bride as best man.

Following the ceremony the wedding party numbering about 30 motored to the home of the bride's parents where the wedding breakfast was served and felicitations extended.

Later the happy couple left for a honeymoon at the coast. On their return they will reside on their farm east of Strathmore.

MASSIE-HARRIS DEMONSTRATION

A large crowd assembled in Hillier's Theatre Monday last to enjoy the picture demonstration arranged by the Massey-Harris Co. Ltd. Pictures featuring the one way drive, and the Oil Bath Mower were shown. Mr. W. Gray of Calgary explained the Model 2 tractor, also the twin power while Mr. L. Smith gave a talk on the small combine.

Credit prices on a purchase of machines were won by Roy Downey, Fred Schumann and L. A. Berg. Through an unavoidable mishap, the projector got out of commission, however more than 5 per cent had been sold.

H. G. SCHEER DECEASED

The death occurred Sunday, Feb. 20th of one of Strathmore's oldest residents in the person of H. G. Scheer who passed away at his home at the age of 88 years.

Born at Edwardsville, Illinois Feb. 18th, 1850, he moved with his family to Strathmore in April 1901. He was one of the early settlers to take up land in the Crowfoot district, 9 miles east of Strathmore, where he has farmed extensively since.

Mr. Scheer always took a keen interest in the affairs of his community, serving on the school board, the church board and anything that was for the benefit and uplift of the district in which he made his home. The family have been highly respected citizens of Strathmore and district for many years.

He is survived by his wife, three sons, Harold, Norman and Alvin, and three daughters, Ruth at home, Mrs. Thompson of Calgary and Grace at Hudson.

The funeral was held from the United Church, Strathmore Tuesday, Feb. 22nd at 10 a.m. officiating, the Rev. W. M. Gilbert officiating. The pall bearers were S. F. Garriott, D. J. Garriott, Chas. Harvey, David Englund, Leslie West and Otto Wheeler. Chas. & Co. Funeral Directors.

The sympathy of a large number of friends is extended to the family in their sorrow.

REDWINGS TRIUMPH

The Strathmore Redwings defeated Glenora Gladiators 4-1 in the first game of a total game series in the Stanley Cup playoffs here Saturday night. The game was witnessed by well over 350 fans and some time hockey was dished out. The locals batted out on even terms with their old time rivals and came through strong in the end with a one goal advantage. C. Giroux netted two goals; G. Giroux two and one assist; D. Mainberg one goal and 2 assists and Grelia two assists.

The first period ended 2-2, the second 2-2 for visitors and the final 5-4 in the locals favour.

Monday night the local Redwings came through with one of their best games when they defeated the Glenora Gladiators in camp to the tune of 5-4 at Glenora. As a result the local advance into the third round against the Drumheller Redwings was played today with machine like precision finally routing the formidable Glenora team. The Redwings showed what they were made of by turning out almost 250 strong at the Glenora arena and the Redwings did not disappoint them.

The Wing sharpshooters were Grelia with three goals and one assist, G. Giroux with four goals, Koch with one goal, D. Mainberg with one goal and two assists and C. Van Tighem and Gibson with one assist each.

Johnny Sutor referee for both games.

CHICKEN SUPPER SPECIAL

Isn't it all obvious? We saw eight of our local curriers dining in the dining hall Tuesday evening. The winning rink having to provide the dinner and the losers the other trimmings—Tough Luck. Was the winning rink pocketed? The opinion was voiced that with a little more practice John Vermont would make almost as good a currier as hockey player.

CATERPILLAR AND UNION TRACTOR DISPLAYS

Well over two hundred farmers spent a pleasant and very instructive afternoon at Hillier's Theatre Friday afternoon, last. The show and latest instruction was sponsored by The Caterpillar and Union Tractor companies.

H. K. Robson and W. L. Hickey represented the Caterpillar Tractor Co. and J. K. Dodds and E. E. Lay represented the Union Tractor Co. distributors for the former.

Some of the excellent films were shown depicting the Diesel tractor in action. Mr. Robson gave a clear and concise explanation of the principles of the Diesel motor, stressing its simplicity, economy and efficiency. The fact of particular interest was the almost perfect combustion, without more than 5 per cent heat loss. Another remark that was worth notice was that the Caterpillar Diesel tractor was equipped with automatic power and load control which made the Diesel outstanding in economy on light jobs as well as heavy ones. An interesting diversion was given in the form of a comedy film which was well received.

COMING EVENTS

Tuesday, March 1st—Amateur Night in Hillier's Theatre, sponsored by Ladies Aid of United Church. Doors open at 7:30. Junior and Senior groups, with 1st and 2nd cash prizes in each group. Do not hide your talent, but come out and do your best. Prizes of a most generous nature to be given to Mrs. Hillier.

March 3rd—Visit the McCormick Dealers Display in Hillier's Theatre. See Hughes Motors Advt in this issue.

All roads lead to the W. I. Concert and dance at Nightingale Friday, March 4th. Mercer's orchestra. A good time assured. Adm. 50c.

Cheville Ladies Club are arranging a dance to be held in the Cheville Hall, Friday, March 4th. Good music provided by a most excellent band. A good time assured. Meet your friends at Cheville.

MACHINERY HAS STRAIGHTENED UP THIS SHAPE

Millot, the French artist, son of a farmer and himself a farm laborer, has in his universally known pictures of "The Glensmen, The Man with the Hoe, etc., left a very graphic record of farming methods and their influence on farm workers of a century ago.

Edwin Markham, the American poet, viewing "The Man with the Hoe," interprets it to be with dramatic force in his poem of the same name when he says, "Who fanned and led down this brutal brow, Whose head that slanted back this brow, Whose breath blew out the light within this brow."

Who fanned and led down this brutal brow, Whose head that slanted back this brow, Whose breath blew out the light within this brow.

Who fanned and led down this brutal brow, Whose head that slanted back this brow, Whose breath blew out the light within this brow.

Who fanned and led down this brutal brow, Whose head that slanted back this brow, Whose breath blew out the light within this brow.

Who fanned and led down this brutal brow, Whose head that slanted back this brow, Whose breath blew out the light within this brow.

Pot Pourri

Creator of this Universe, keep me
Forever young and strong and give
me space

Among my hills as free as wind is free
And show and rain and sun to hit my
face.

Give me a wind to breathe slashed by
the pine,
Kissed by the harsh-grained lips of
oak and ash,

And drab hills smothered by the cliff
and vine,
Great heaps of earth that feed our
mortal flesh,

Give me the plow and hoe, the walled
in hollow
The creek of clear-blue mountain
water fills;

Just guide my feet that I may safely
follow
The lone path of my dark eternal
hills.

It does not matter if the path be bad
And if it wind forever—never ending!
I'll love the climbing for it's good for
blood,

But not the summit, Lord, and slow
descending.

"Creator of This Universe" by
Jesse Stuart.

The world that we must seek is a
world in which the creative spirit is
alive, in which life is an adventure
full of joy and hope, based rather up-
on the impulse to construct than upon
the desire to retain what we possess
or to seize what is possessed by others.
It must be a world in which love
is purged of the instinct of domina-
tion, in which cruelty and envy have
been dispelled by happiness and the
unfettered development of all the in-
stincts that build up life and fill it
with mental delights. Such a world
is possible: it waits only for men to
wish to create it.

Meanwhile, the world in which we
exist has other aims. But it will pass
away, burned up in the fire of its own
hot passions: and from its ashes will
spring a new and younger world, full
of fresh hope, with the light of morn-
ing in its eyes. —(Bertrand Russell).

Life is not an escalator. Rather it
is a staircase by which our upward
climb exercises the muscles of our
character.

BAINTREE

Death of Charles County.
In the person of Charles County,
death has removed one of the pion-
eers of the district from the scenes of
his labours. The deceased gentleman
was born in the State of Illinois and
settled in the district about 25 years
ago.

He was a splendid citizen, a faith-
ful supporter of the U. F. A. and his
genial ways endeared him to a large
circle of friends.

In addition to his wife and family
of 2 boys and 2 girls a number of re-
latives in the United States are left
to mourn his departure.

Interment took place in the Strath-
more cemetery on Monday, and among
the numerous floral tributes laid on
his tomb was one from the Baintree
School district. This was in grateful
recognition of the deceased's un-
tiring efforts during the difficult per-
iod of forming the district in 1918.

The writer joins with many others
in offering heartfelt sympathy to the
sorrowing friends and relatives.

NIGHTINGALE

The W. I. met at the home of Mrs
H. Hilton on Friday last. After the
business of the day a delicious lunch
was served by the hostess to 14 mem-
bers and 2 visitors.

Thor Larsen is visiting in Calgary
for a week or so.

Mr. Jukes motored to Irricana, to
bring Ronald and Emerald Shumaker
home from the Short Centre School.
They repeated a lovely time and were
sorry it ended so soon.

A large crowd came out to see the
hockey practice on Carlson's lake on
Sunday. Boys were chosen and every-
one had a good time.

Mr. and Mrs. Morgan, and Mr. and
Mrs. P. Hilton spent two days in Cal-
gary last week.

Mr. and Mrs. Chas. Kimmitt just re-
turned from Standard where they had
spent a few weeks with Gene's family
before they left for their new home.

It is hoped that Dave Clark's burns
are not too serious and that he will
soon be around again.

Miss Beattie entertained a few
young folks at dinner last week.

*Here's Something

REPUTATION

When an organization becomes a
vital part of our industrial life, its
stability is rigidly guarded by its
good reputation.

The Brewing Industry of Alberta
prize reputation above all else. Their
complete organization is composed of
skilled men,—versed in every step of
the Brewing Industry from raw ma-
terials to the ultimate consumer.

Thus public interests are considered
and protected in every purchase of
ALBERTA BEERS, and the Indus-
try's reputation is assured at all
times.

FARMER—ARTIST—THINKER

We call your special notice to the series of picture advertisements being reproduced in the columns of The Standard—authorized by the Massey-Harris Co. Ltd. of Toronto.

This series is unique, interesting and very apt in its subject matter, marking the marvelous progress made in agricultural mechanical development.

It is a far cry from the method of "The Man with a Hoe"—and "The Gleaners," to that of the last word in the most up-to-date combine.

Canada has kept abreast with other progressive countries, in the use of modern machinery, and it may largely be because of alert development and satisfactory dealings of such firms as The Massey-Harris Co. Ltd. and kindred progressive companies.

"UNEASY LIES THE HEAD"

"Uneasy lies the head that wears the crown" was a statement made referring to kings only, but today it applies equally to law-makers, statesmen and all who are trying to solve the difficulties of this trouble beset world. Chamberlain and Eden each earnestly striving for the ultimate good of their country—sincere in their outlook, come to the crowning of the way, and Anthony Eden resigns.

With Hitler disturbing the peace of central Europe, it is difficult to foretell the trend or result of events. Diplomacy is usually a wise guide if the price to be paid is not too great—even so—more can be gained by diplomatic arbitration than by war.

TOWN COUNCIL

A meeting of the new Town Council for 1938 was held in the Town Hall on Monday evening, with a full attendance, the new Councillors, re-elected, being Councillors Quirin, Brown and McNeill. The Mayor expressed satisfaction at their return

and referred to the harmonious and smooth workings of the meetings of the Council during the time he had held the office of Mayor. Committees were nominated as follows—Finance, Legislation and Health—Councillors Quirin and Brown, Town Property and Cemetery—Councillors Quirin and Brown; Public Works—Councillors Maser and McNeill, Fire and Light—Councillors Hudson and Keeling, the Mayor to be a member of each Committee ex officio, and the first named of each Committee to act as Chairman thereof.

Councillor Quirin was appointed Deputy Mayor for the ensuing three months. A grant of \$25.00 was made to the School Fair.

Business was mostly of a routine nature.

B NATURAL CLUB

An intriguing name for Strathmore's recently organized Junior Musical Club.

The leader is Miss Geraldine Van-Tighem with Gus Maddox Griffin, President and Eileen McFarland, Secretary.

The group meets every two weeks at the various homes and each member must contribute some musical item at each programme. The young folk are enjoying their meetings and the development will prove very beneficial. We wish the B. Natural Club much success.

"CANADA 1938"

"Canada 1938" which is possibly the biggest and which is generally admitted to be the most enterprising Canadian radio programme heard Friday evenings, celebrated its first anniversary last week. "Canada 1938" sponsored by the Imperial Tobacco Company Limited, broadcast for the first time on Sunday, February 7th, 1937. Except in the dog days of summer it has been heard weekly since.

GRAY & JONES, Strathmore, Alberta

In her recent autobiography "Clearing in the West", Nellie McClung, pioneer girl who was destined to become a well loved writer, for she writes—
"The Family Herald from Montreal brought the world to our door." "We read in the Family Herald that there was a fight in the streets of Montreal" (this was the execution of Louis Riel); "Always there was the Family Herald with its great wealth of reading."

The Family Herald must have exercised a great influence on the pioneer girl who was destined to become a well loved writer, for she writes—
"The Family Herald from Montreal brought the world to our door." "We read in the Family Herald that there was a fight in the streets of Montreal" (this was the execution of Louis Riel); "Always there was the Family Herald with its great wealth of reading."

Nellie McClung has written of the value of the Family Herald to those of the pioneer days. The value of the Family Herald to the modern farmer and his family has perhaps been best expressed by farmer William Burgess who says—
"My wife and I always reckon the farmer who takes the local paper for the LOCAL news and the FAMILY HERALD for FARM news, stories and home features, gets the very best value his dollars will buy."

DALEMEAD

Mr. C. Colwell returned on Saturday from his trip to Rochester where he was treated at the Mayo Bros. Hospital.
Mrs. J. Holmes, Mrs. L. Hatt and Mrs. Wm. Winters attended the Dramatic festival in Calgary for a couple of days.
Miss Helen Van der Velde spent a week in Calgary visiting friends and

attended the banquet and dance at the Palliser Hotel given by the Technical School.

Mr. Ralph Cooner who was hurt while skiing was taken to Calgary for treatment.

Daughters arrived at the Mr. and Mrs. O. Howarth and Mr. and Mrs. Bob Rudolph homes. Congratulations.

LINE ELEVATORS TO INSTALL FREE LENDING LIBRARIES

Lady Tweedsmuir sponsors move to provide reading material in drought areas.
The North-West Grain Dealers' Association acting in co-operation with the Association of Canadian Bookmen have completed arrangements for setting up free lending libraries in the area of Western Canada which

have suffered from lack of rainfall. A library will be installed at one line country elevator at as many towns, villages, hamlets and sidings as the number of books collected will allow. Any member of a family will be entitled to obtain the loan of books, free of charge, from the library. The books are available to all regardless of which elevator system or company in the community they patronize. The providing of the library service is a joint effort of all the line elevators of each community.

If a library has not already been installed in your vicinity one may be obtained by requesting one of your line country elevator agents or by writing direct to the North-West Grain Dealers' Association, Winnipeg. Libraries will be forwarded to districts first in which the need is greatest, and distribution will continue as long as books are available.
